

# Better, Brighter Play

Thanks to the [Little Bitty Miracle](#) campaign, American Girl donated **\$50,000** to the Children’s Miracle Network Hospital in Philadelphia. This money built a new play lounge for patients and their families to enjoy.

Click [here](#) for a virtual tour of Philadelphia’s new play lounge.

This play lounge comes equipped with child-friendly tables, chairs, furniture, toys, entertainment systems, and even a kitchenette for families who want to cook light meals. Families also can enjoy alcoves for extra privacy.

## Continuing the Partnership

The Little Bitty Miracle fundraising program will continue, allowing for more [Children’s Miracle Network](#) hospitals to receive funding for play lounges. In fact, through this project, American Girl will gift five hospitals every year with \$50,000 to help build or renovate these play lounges.
